Docket Number Q79057

**REISSUE APPLICATION DECLARATION BY THE INVENTOR**

I hereby declare that:

Each inventor's residence, mailing address and citizenship are stated below next to their name.

I believe the inventors named below to be the original and first inventor(s) of the subject matter which is described and claimed in patent number 6,366,731, granted April 2, 2002 and for which a reissue patent is sought on the invention entitled DIGITAL BROADCAST RECEIVING/RECORDING APPARATUS AND METHOD

the specification of which

☐ is attached hereto.

☒ was filed on January 22, 2004 as reissue application number 10/762,189 and was amended on January 22, 2004 via Preliminary Amendment (if applicable)

I have reviewed and understand the contents of the above identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

☒ I hereby claim foreign priority benefits under 35 U.S.C. 119(a)-(d) or (f), or 365(b) to Korean Patent Application No. 97-13587

I verily believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all boxes that apply.)

- ☐ by reason of a defective specification or drawing.  
☒ by reason of the patentee claiming more or less than he had the right to claim in the patent.  
☐ by reason of other errors.

At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening:

The present reissue application is a broadening reissue. Claim 15 of U.S. Patent No. 6,366,731 recites "(a) providing a program number of an intended program to be recorded." Claim 15 is too narrow because providing a program number is not necessary to carry out the invention, and is only exemplary.

All errors corrected in this reissue application arose without any deceptive intention on the part of the applicant.

As a named inventor, I hereby appoint all attorneys of SUGHRUE MION, PLLC who are listed under the USPTO Customer Number shown below as my attorneys to prosecute this application and to transact all business in the United States Patent and Trademark Office connected therewith, recognizing that the specific attorneys listed under that Customer Number may be changed from time to time at the sole discretion of Sughrue Mion, PLLC, and request that all correspondence about the application be addressed to the address filed under the same USPTO Customer Number.
